

# Economic Development Strategy for Metrowest Region

Client

---

Facts

Period 2001

---

Project Country

---

**For the MetroWest Chamber of Commerce (serving a region of central Massachusetts), EDR Group conducted a survey of key stakeholders concerning needs for improving transportation, utilities, public services and business climate in the region.**

Based on these findings, recommendations were made for priorities and strategies to improve the business growth and attraction climate in the region. This work was follow-up to earlier work done by Glen Weisbrod of EDR Group, which had developed a strategy plan for economic diversification following a period of job loss associated with major plant closings.
